

REGISTRATION

What information do I need to register?

My organization is registered for Target Type 2 Diabetes last year. Do I need to re-register to submit data this year?

RECOGNITION

Who is eligible for recognition?

What are the recognition award levels?

Patient Award:

Required for all:

AND one

RECOGNITION

Where can I find more information on the measures and their specifications?

Measures should be calculated per the CMS guidelines.

Guidelines for 2023 data are linked below

-

-

-

What is the data collection timeframe?

How can I appeal for data omission?

May I edit my data after it has been submitted?

When calculating the total number of admissions (Question 3) for my organization in a given year, which patients should I include?

Why focus on GLP-1 receptor agonists and SGLT-2 inhibitors?

For a program focused on diabetes and cardiovascular disease, why are we being asked about kidney health seen in clinical trials?
