

- A: The CPR in Schools: First Aid program empowers students to learn lifesaving first aid skills. This educational, easy-to-use program is designed to teach middle and high school students, teachers, and staff the first aid skills they need to be prepared to act in an emergency. This program is delivered through a CPR in Schools: First Aid eBook, which comes with a supplementary streaming video. A any student or teacher can facilitate the video's modules within one class period.

- A: Generally, customers should contact the organization from which they purchased kits.
